MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: IG Survey of CIA Briefing and
Debriefing Systems

1. As you will note, the attached survey has been circulated to DD/I, DD/S and DD/P, who have concurred in principle provided the regulation establishing procedures for "Briefing and Debriefing of US Government Officials" is subject to further study and coordination. It is, therefore, requested this be accomplished through the normal procedure employed in obtaining approval on Agency regulations and returned to me for further presentation to DDCI and DCI. General Cabell has requested that he be furnished a copy of the proposed regulation in question at the time it is circulated for comment and/or concurrence.

2. There is also attached a memorandum from Mr. [redacted] to me dated 2 April 1956 suggesting that the CIA briefing and debriefing officer not be assigned to the Office of the Director, with which suggestion I concur.
